

18³/₄-in 5,000- and 10,000-psi DL ANNULAR BOP

Simplified installation for the DL annular BOP assembly and disassembly tool

APPLICATIONS

Annular assembly operations

BENEFITS

- Ensures proper alignment and orientation during assembly and disassembly
- Improves DL* annular BOP assembly time

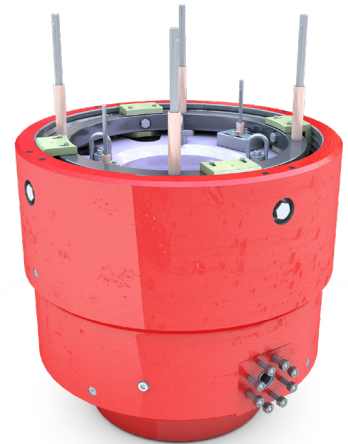

FEATURES

- Mates hydraulic package components
- Simplifies assembly process

Servicing the DL annular BOP can now be accomplished in a timely manner by using an advanced tool. Our 18³/₄-in 5,000- and 10,000-psi tools expedite service time during assembly and disassembly.

Specifications

Model	Weight, lbm [kg]	P/N
5,000 psi	2,915 [1,322]	2397486-01
10,000 psi	2,915 [1,322]	645319-04

Assembly and disassembly tool for 18³/₄ DL annular BOP.
