

Schlumberger

<u>Title:</u>	OTM Receive Tender Notification Email BPP
<u>Transaction:</u>	N/A
<u>System:</u>	OTM

Purpose

This is an activity whereby carrier receives a shipment tender via the designated channel of communication (email/EDI/carrier portal etc) and requires carrier to review and respond to tender.

Please note that this training document uses sample training data and/or examples for demonstration purposes. In the production system you are using, you must enter/select the value(s) appropriate for your particular scenario where indicated.

Trigger

Carrier receives a tender everytime Logistics Processor performs the Secure Resources action on the shipment.

Prerequisites

Shipment must be tendered over by the Logistics Processor to the carrier post shipment planning.

Transaction

N/A

Procedure

Once the Shipment is Tendered, Service provider will get and email notification as shown below

	<p>Service Provider will be able to see important information regarding the tender :</p> <ul style="list-style-type: none"> • SH_ID • Shipment Summary • Stop Schedule • Order - Details
---	--

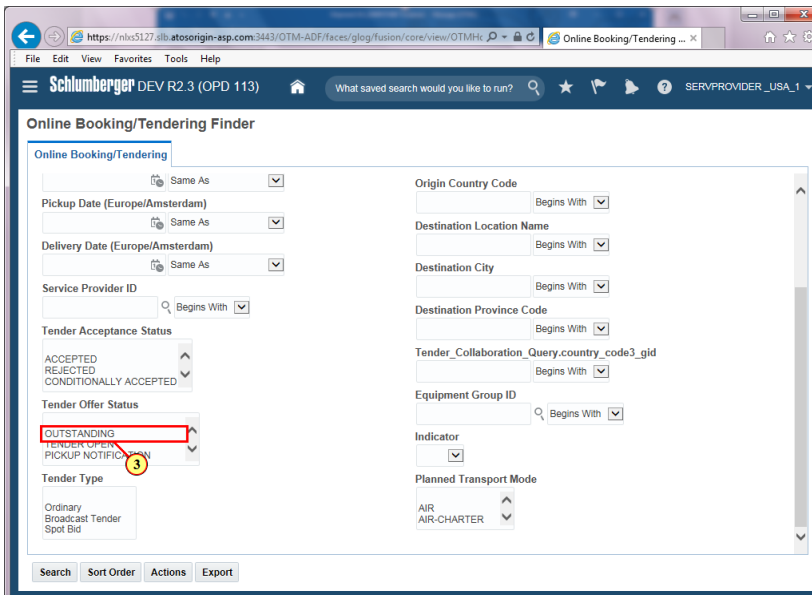

Once the email notification received, service provider will login into OTM and verify tenders in outstanding status

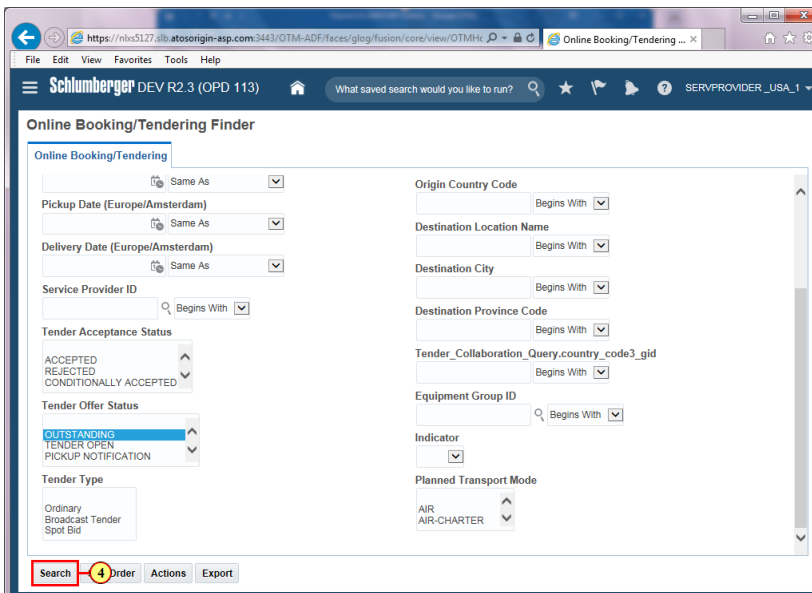

1. Click 

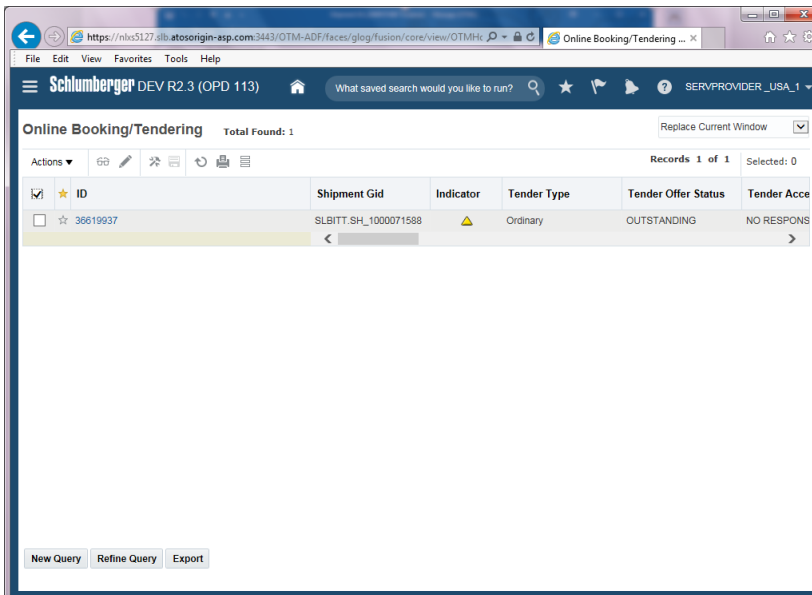

2. Scroll Down

3. Click the entry **OUTSTANDING** to select it.

4. Click **Search**.

 The search results screen will display a list of tenders awaiting response. Individual tenders may be viewed by selecting the Tender's check box and then clicking the button.

Results

Congratulations, you have successfully Received a Tender Notification Email and you know who to find this tender in OTM
