To export pipeline

Flare KO drum

Flare stack

EPF Infrastructure
- Power generation
- Fuel Gas System
- Instrument air
- Control system / MCC
- Fire and gas system
- Miscellaneous utilities

Early production facility overview

Wellhead production

Chemical injection

Primary separation

Gas compression

Sales gas dehydration

Flare header

Production water injection

To export pipeline

To water injection well

Production water treatment

Production water storage

Production water metering and pumping

Crude oil treating and stabilization

Crude oil storage

Crude oil metering and pumping

Crude oil treating and stabilization

Crude oil storage

Crude oil metering and pumping
